

Fish in the Sea.

Swimming in the sea, happy and free
Little fish in a big sea.
Looking out for the little ones
Miniscule sealife passing the day.

Fish for humans: neither a fish nor bird
High in the sky enthroned
Fish eggs and fish bites
Do you remember here are plenty.

Fish after human, life cycle, full circle,
Look at my catch bigger than me.
Fish too fiddly, don't want to return.
Fishing to pass the day dull.

Flying fish and friendly fish
Better fish to fry with knobs on.
Fish to touch and fish to swim with
Friendly fish and fish with knees.
Friendly in shoals, a body as one
Creating pretty patterns, keep away.
Protecting another, hurtling past
Swimming in circles, dizzy in the tide.
