

On the Map

Beautiful countries, exotic places,
Another world to see, customs to be
Dances ~~and~~ music art and stories,
Other faces ~~and~~ eyes, customs and histories.
Travelling the world a cacophony of light and noise,

Flying through countries and continents,
Hiking mountains, traversing seas,
Through the globe, heavenly smiles.
Unintelligible languages, ~~do~~ all we sign.⁹
Secrets of customs we do revere,
Amazing places we do discover
Clothes and colours never seen before
And a happy and peaceful existence.
