

To take over the world.

Jesus. King of the world,

With me, the queen,

We are seen to be seen.

That is not madness, it is ingenious,

At least you're not related to the devil.

To conquer the world, take over the universe.

Create a world full of peace and harmony,

Love and respect, that is the plan.

Easy to carry out, simple to succeed.

When you know how as only we do.

My ambitions and yours,

Born to rule. Don't forget my king

Dreams come true.
